EXPERIENCE

KodeZera - ayuveda.ai — Pune, Maharashtra
AI Systems Associate Intern – Intern Team Lead — April 2026 - Present

- Led end-to-end development of an AI-powered Ayurvedic chatbot, integrating Gemini API, LLMs, and RAG for personalized, context-aware guidance while coordinating feature delivery and QA.
- Architected the transition from a MERN MVP to a Dockerized 3-tier microservices architecture using React.js, Node.js, and Supabase (PostgreSQL), improving scalability and reducing technical debt.
- Defined product features, pricing, and platform scope, while developing modules such as Chat Explorer and Inventory Management to expand platform capabilities and improve user experience.

PROJECTS

PanchkarmaSetu – AI Powered Ayurvedic Detox Healthcare Platform — Live | GitHub

- Built a full-stack Django and SQLite healthcare platform with role-based dashboards, appointment booking, therapist assignment, and treatment management.
- Integrated Google Gemini and Groq LLM APIs to generate personalized AI wellness reports with model fallback and response caching.
- Engineered an end-to-end treatment lifecycle with Dosha diagnosis, vitals and attendance tracking, outcome classification, and automated PDF reports using ReportLab.

LiveCodeX – Real-Time Collaborative Code Editor — Live | GitHub

- Built a MERN-based collaborative code editor using Y.js CRDTs and WebSockets for real-time multi-user editing, cursor awareness, and live presence.
- Developed a Monaco Editor multi-file workspace with MongoDB persistence, file management, language selection, and shareable collaborative rooms.
- Implemented a Node.js multi-language code execution engine with process timeouts, JWT authentication, HTTP-only cookies, and sandboxed HTML/CSS/JS live previews.

EDUCATION

Pimpri Chinchwad College of Engineering — *Pune, Maharashtra*
Master of Computer Applications (MCA) - *CGPA: 8.45* — *September 2025 - In Progress*

Indira College of Commerce and Science — *Pune, Maharashtra*
Bachelor of Business Administration in Computer Applications (BBA-CA) - *CGPA: 8.71* — *2022 – 2025*

SKILLS

Programming Languages: Python, JavaScript, SQL
Frameworks: React.js, Node.js, Express.js, Django, Socket.IO
Databases: MongoDB, MySQL, PostgreSQL, Supabase
Tools & Cloud: Git, GitHub, AWS (EC2, S3)

CERTIFICATIONS & TRAINING

Full Stack Web Development - MERN Stack @ Wisdom Sprouts Training Hub, Pune 2024

ACHIEVMENTS & PARTICIPATION

- An active Training & Placement Coordinator of the MCA Department @ PCCOE.
- Volunteered in NSS and led a 10-day camp, spreading awareness and addressing local challenges.
